

**MISSION READY WHEN IT MATTERS MOST** 

# APX™ 2000 PROJECT 25 PORTABLE RADIO

Chemical spill. Catastrophic storm. Power outage. When every minute matters, you must communicate instantly with other agencies and responders. But how do you prepare for a disaster and keep control of operating costs? That's where the APX 2000 P25 portable radio answers the call, expertly and affordably.

The APX 2000 delivers all the benefits of TDMA technology in the smallest P25 capable portable in the industry. Easy to use, tough as nails, a hard value to beat, it seamlessly connects agencies throughout your city for fast, interoperable communications.

### **EVERY INCH AN APX**

The APX 2000 leverages the leading attributes of the APX family of P25 TDMA portables. From the 2-microphone design that reduces background noise so you can speak and hear clearly over heavy equipment, diesel engines and sirens to the high-spec RF performance for excellent coverage in challenging environments.

With its easy-to-use interface, color display, intelligent lighting and radio profiles, you get all the power of APX in a compact radio. Plus, you can extend the performance of your radio with a complete portfolio of industry-leading IMPRES smart energy and audio accessories.

## **COMPACT AND UNCOMPROMISING**

A compact P25 Phase 2 capable portable, the APX 2000 gets the job done without getting in the way. With two dedicated knobs for volume and channel control, the APX 2000 provides readiness for any type of work setting. And its standard IP67 and MIL-STD certified to withstand dust, heat, shock, drops and water immersion, so you can count on it wherever you need it — at the factory line, power line or fire line.

## **P25 PERFORMANCE, INSIDE AND OUT**

Loaded with key P25 features to increase safety, the APX 2000 features Mission Critical Wireless, a unique Bluetooth® solution that provides an encrypted link to a high performance earpiece, GPS for quickly locating personnel outdoors, AES encryption for improved security, and over-the-air programming to program radios in the field without interrupting voice operation.

## **IMPROVE RESPONSE AND EXPENSES**

The APX 2000 is P25 Phase 2 capable for twice the voice capacity so you can add more users without adding more frequencies or infrastructure. And it's backwards and forwards compatible with all Motorola mission critical radio systems, so you can interoperate with confidence while you improve operating expenses.

## POWER UP WITH APX 2000 ACCESSORIES

- Designed, tested and certified for optimum performance with your radio
- Complete portfolio of remote speaker microphones, headsets and Mission Critical Wireless Bluetooth® accessories
- High-powered IMPRES™ batteries that have a slim design to fit the compact radio size

### **FEATURES AND BENEFITS**

Available in 700/800 MHz, VHF, UHF R1 and UHF R2 bands Trunking standards supported:

- Clear or digital encrypted ASTRO®25 Trunked Operation
- Capable of SmartZone®, SmartZone Omnilink, SmartNet®

Analog MDC-1200 and Digital APCO P25 Conventional

## **System Configurations**

Narrow and wide bandwidth digital receiver  $(6.25~\mathrm{kHz}$  equivalent /  $12.5~\mathrm{kHz}$  /  $30~\mathrm{kHz}$  /  $25~\mathrm{kHz}$ ) $^1$ 

Standard with 2 dedicated control knobs for volume and channel changes  $% \left( 1\right) =\left( 1\right) \left( 1\right) \left($ 

Embedded digital signaling (ASTRO & ASTRO 25)

Man Down

Available in 2 models

Integrated GPS capable

Lightbar with Intelligent Lighting

Radio Profiles

Unified Call List

User programmable Voice Announcement

Meets Applicable MIL-STD-810C, D, E, F and G

IP67 standard

(submersible 1 meter, 30 minutes)

Rugged Submersible housing (2 meters for 2 hours)<sup>2</sup>

Integrated GPS/GLONASS for outdoor location tracking

Mission Critical Wireless Bluetooth<sup>4</sup>

### **Superior Audio Features:**

- 0.5 W high audio speaker
- 2-mic noise canceling technology

Utilizes Windows XP, Vista, Windows 7 and 8 Customer Programming Software (CPS)

- Supports USB communications
- Built in FLASHport<sup>™</sup> support

Full portfolio of accessories including IMPRES batteries, chargers and audio devices<sup>3</sup>

### **OPTIONAL FEATURES**

**AES Encryption** 

Programming Over Project 25

Text Messaging

Man Down

Site Selectable Alert Tones

P25 Over the Air re-keying

P25 Link Layer Authentication

**Enhanced Data** 

<sup>1</sup> Per the FCC Narrowbanding rules, new products (APX2000 VHF, UHFR1, UHFR2) submitted for FCC certification after January 1, 2011 are restricted from being granted certification at 25KHz for United States - State & Local Markets only.

 $^2$  Radios meet industry standards (IPx7) for immersion.  $^3$  Chargers and batteries for the APX 2000 radios do not interoperate with other APX radios.

4 Compatible with BT 2.0 and HSP and PAN BT Profiles.

<sup>5</sup>When used with a Hazardous Location tested radio.
